

GDPR Data Subject Request Form

Pursuant to the General Data Protection Regulation (GDPR) wishing to access their Personal Data (as defined in GDPR) stored at RDC should submit a request as follows:

1. Make your request in writing, to the Data Protection Officer (see below for contact details).
2. We will need to have the information required in before we can start searching
3. You should receive all the information that has been located and can be released in accordance with the law, along with an explanation for any information that cannot be provided within 30 days.

For RDC to provide the correct information to an individual, we require the following information to ensure we are searching and returning information on the correct individual. All information is compulsory, and your request will not be considered made until this information has been provided.

Information provided in this form will be used only for fulfilling this request.

Name (First, Middle, Last):	
Address (street, city/town, state/territory, country):	
Citizenship:	
Date of birth:	
Email address:	
Any additional information that may assist RDC in identifying the correct data subject:	
Please state if there is any specific information you wish us to focus on:	

Please attach a scan of the photo page of passport or photo driving license. Your request will not be fulfilled without this.

Results (if any) will be returned for the named data subject to the email given above unless otherwise directed.
